## **Performance on Learning Outcomes (LOs)**

| Learning<br>Outcomes | Description  | Average<br>Performance(%) |
|----------------------|--|---------------------------|
| M401                 | Applies operations of numbers in daily life situations   | 45.12                     |
| M412                 | Explores the area and perimeter of simple geometrical shapes (triangle, rectangle, square) in terms of given shape as a unit   | 47.21                     |
| M418                 | Calculates time intervals/duration of familiar daily life events by using forward or backward counting/addition and subtraction  | 62.37                     |
| M421                 | Represent the collected information in tables and bar graphs and draws inferences from these   | 50.55                     |
| M501                 | Reads and writes numbers bigger than 1000 being used in her/his surroundings   | 55.73                     |
| M504                 | Estimates sum, difference, product and quotient of numbers and verifies the same using different strategies like using standard algorithms or breaking a number and then using operation |                           |
| M505                 | Finds the number corresponding to part of a collection   | 45.61                     |
| M506                 | Identifies and forms equivalent fractions of a given fraction  | 39.02                     |
| M508                 | Converts fractions into decimals and vice versa  | 44.84                     |
| M509                 | Classifies angles into right angle, acute angle, obtuse angle and represents the same by drawing and tracing   | 43.75                     |
| M512                 | Relates different commonly used larger and smaller units of length, weight and volume and converts larger units to smaller units and vice versa  |                           |
| M513                 | Estimates the volume of a solid body in known units.   | 33.16                     |
| M514                 | Applies the four fundamental arithmetic operations in solving problems involving money, length, mass, capacity and time intervals  | 38.18                     |
| M515                 | Identifies the pattern in triangular numbers and square number   | 36.73                     |
| M516                 | Collects data related to various daily life situations, represents it in tabular form and as bar graphs and interprets it  | 45.75                     |

| Range of Performance of Students who Answered Correctly |       |        |           |        |           |        |       |  |  |
|---|-------|--------|-----------|--------|-----------|--------|-------|--|--|

## **Lowest Performing Learning Outcomes (LOs)**

- 1 Estimates the volume of a solid body in known units. (33.16)
- 2 Identifies the pattern in triangular numbers and square number (36.73)
- 3 Applies the four fundamental arithmetic operations in solving problems involving money, length, mass, capacity and time intervals (38.18)
- 4 Identifies and forms equivalent fractions of a given fraction (39.02)

**CSWN**:

5 - Classifies angles into right angle, acute angle, obtuse angle and represents the same by drawing and tracing (43.75)
