## **Performance on Learning Outcomes (LOs)**

| Learning<br>Outcomes | Description  | Average<br>Performance(%) |
|----------------------|--|---------------------------|
| M401                 | Applies operations of numbers in daily life situations   | 26.18                     |
| M412                 | Explores the area and perimeter of simple geometrical shapes (triangle, rectangle, square) in terms of given shape as a unit   | 47.81                     |
| M418                 | Calculates time intervals/duration of familiar daily life events by using forward or backward counting/addition and subtraction  | 58.20                     |
| M421                 | Represent the collected information in tables and bar graphs and draws inferences from these   | 36.15                     |
| M501                 | Reads and writes numbers bigger than 1000 being used in her/his surroundings   | 49.32                     |
| M504                 | Estimates sum, difference, product and quotient of numbers and verifies the same using different strategies like using standard algorithms or breaking a number and then using operation |                           |
| M505                 | Finds the number corresponding to part of a collection   | 38.79                     |
| M506                 | Identifies and forms equivalent fractions of a given fraction  | 21.62                     |
| M508                 | Converts fractions into decimals and vice versa  | 41.97                     |
| M509                 | Classifies angles into right angle, acute angle, obtuse angle and represents the same by drawing and tracing   | 37.47                     |
| M512                 | Relates different commonly used larger and smaller units of length, weight and volume and converts larger units to smaller units and vice versa  |                           |
| M513                 | Estimates the volume of a solid body in known units.   | 24.45                     |
| M514                 | Applies the four fundamental arithmetic operations in solving problems involving money, length, mass, capacity and time intervals  |                           |
| M515                 | Identifies the pattern in triangular numbers and square number   | 28.21                     |
| M516                 | Collects data related to various daily life situations, represents it in tabular form and as bar graphs and interprets it  | 51.57                     |

| Range of Performance of Students who Answered Correctly |       |        |       |        |       |           |      |  |  |
|---|-------|--------|-------|--------|-------|-----------|------|--|--|

## **Lowest Performing Learning Outcomes (LOs)**

- 1 Identifies and forms equivalent fractions of a given fraction (21.62)
- 2 Estimates the volume of a solid body in known units.  $(24.45)\,$
- 3 Applies operations of numbers in daily life situations (26.18)
- 4 Identifies the pattern in triangular numbers and square number (28.21)
- 5 Applies the four fundamental arithmetic operations in solving problems involving money, length, mass, capacity and time intervals (34.71)
